Appling for Certificate of Conformity:	3
Apply a product conformity certificate (COC)	4
Equivalent Certificate Request	7
Create a group request:	8
Create the Invoice	10
Preview the certificate	13

#### **System Description**

(Apply to Commercial Refrigerators)

The purpose of this system is to allow the facilities to issue the certificates for the regulated products, whether they are imported or local manufacture. This is done by adding the product to products list and then choose the certificate type of the product to issue a conformity certificate, the system will display only the products that required the chosen certificate. If the certificate is GCC or COC, the system presents the conformity assessment bodies (CB'S) to choose from. The application goes to the conformity assessment authority. If the application is received, the system sends a notification to the facility to create the invoice and pay it. Then the CB will start studying the application and take the decision of conformity. If the certificate is one of the equivalent certificates, the system will issue the certificate directly and with no cost.

### Appling for Certificate of Conformity: (Apply to Commercial Refrigerators)

The facility can apply for a certificate of conformity for regulated products by clicking on "certificate of conformity request" from the home page of the electronic services as shown in the following:

After that, the user selects the required certificate and the system will display only the products that have a requirement for the selected certificate.

### Apply a product conformity certificate (COC) (Apply to Commercial Refrigerators)

After entering the Conformity Certificate Request page, the products requiring a COC Conformity

Certificate will be displayed to choose from these products as follows:

After that, the product data will be displayed to check it, and by clicking on the Next button, you will be

taken to the Add Model Numbers page as follows:

Models numbers can be uploaded by the excel file by clicking on (download empty excel template) and adding the required models numbers in the excel file and then clicking on (browse file) to upload all the models in the excel file, or models can be added manually by clicking on (Add model numbers), Then click on the Next button to choose from available CB's to send the request as follows:

HSCode : 8	42121900000

Technical Regulation Name : 4/22 jewelry, accessories	and plastic bracelets	
كتب رئيسي لجهة المطابقة الثانية : CB Organization Office Name	a	

Once the application has been accepted by the conformity assessment body, the user will be able to create and pay the invoice to start reviewing the document by the conformity assessment body and take the conformity decision.

Equivalent Certificate Request (Saudi Quality Mark Certificate, biodegradable Plastic Certificate, IECEE Certificate, Gulf Conformity Certificate, Energy Efficiency License) (Apply to Commercial Refrigerators)

When clicking on one of the equivalent certificate requests, the system sorts the products according to the requirement for each product as follows:

After selecting the product, the system displays the product data to check it, after that the user should enter the certificate information to validate. If the validation is done the equivalent certificate will be issued immediately and free of charge.

### Create the Invoice

(Apply to Commercial Refrigerators)

The purpose of this task is to create and pay the invoice costs of studying the request, so that the CB

will complete the study of the product conformity request and make the conformity decision. For this

procedure, the contact officer will log on to the system:

Login	
28	
Email* Email	
Password* *******	
Captcha	
KL3Y8V 2	
Forgot your password?	Login

After sign-in process, the User will access the Certificate of Conformity Request List by clicking "Added Requests" on the home page as follows:

#### Training Guide for certificates of conformity

Manage Trademarks Manage Contact Officers Requests Fees - Certificates -Home + Add New Product Added Products (32) Added Products Non-Regulated Products Regulated + Certificate of Conformity Request 25 1 2 Regulated Imported Product Local Product Imported Product Local Product Added Requests Regulated Non-Regulated Products H New Shipment Request For Imported Products Requests (122) Certificates (32) Added Requests 96 **Active Certificates** 16 Conformity for regulated products 8 Shipment conformity Conformity Requests + Self Declaration Request 1 Self Declaration Non-Regulated 4 Imported Products Model 26 **Expired Certificates** Active Certificates 2 Conformity for regulated products Shipment Requests Expired Certificates H Imported self declaration 1 Self Declaration certificates

The user will then click on "Create Invoice" to select multi requests to issue a unified invoice for the all selected requests as follows:

As shown in the picture the CB can edit the request. In this page a notification massage will appeared if the request has been edited by the CB, to view the updates the user can click on the request number
